5

6

Volga-Dnepr has been providing dedicated logistics solutions to support environmental efforts of its customers worldwide and deliver vital equipment to bolster environmental initiatives.

Cargo transportations with ESG focus

Volga-Dnepr has been operating regular **flights with water bombers** to help various countries to combat wildfires - Australia, Greece, Malaysia and more. In 2021, the company operated a remarkable flight delivering **6 McDermott Aviation Bell 214B helicopters** to Australia on an AN124 aircraft.

AirBridgeCargo, part of Volga-Dnepr Group, has been transporting **machinery equipment for production of semiconductors** to ramp up chips' manufacturing across the globe and bolster **EV industry** – less CO2 emissions and more eco-friendly.

Since 2015, Volga-Dnepr has been operating **charter missions to Antarctica** to support international scientific researches, including **climatological studies**.

With 30+ years of experience, Volga-Dnepr is the first to approach **under emergency situations**. In 2020, we delivered **rescue equipment** onboard Volga-Dnepr's IL-76 as part of the urgent response to the oil spill in the Russian Arctic.
